ENFORCEMENT OF CIVIL LIABILITIES

The Company is a Public Limited (Listed) Company under the laws of India and all the Directors and all Executive Officers are residents of India. It may not be possible or may be difficult for investors to affect service of process upon the Company or these other persons outside India or to enforce against them in courts in India, judgments obtained in courts outside India. India is not a party to any international treaty in relation to the automatic recognition or enforcement of foreign judgments.

However, recognition and enforcement of foreign judgments is provided for under Sections 13, 14 and 44A of the Code of Civil Procedure, 1908, as amended (the "Civil Procedure Code"). Section 44A of the Civil Procedure Code provides that where a certified copy of a decree of any superior court (within the meaning of that section) in any country or territory outside India which the Government of India has by notification declared to be a reciprocating territory, is filed before a district court in India, such decree may be executed in India as if the decree has been rendered by a district court in India. Section 44A of the Civil Procedure Code

is applicable only to monetary decrees or judgments not being in the nature of amounts payable in respect of taxes or other charges of a similar nature or in respect of fines or other penalties. Section 44A of the Civil Procedure Code does not apply to arbitration awards even if such awards are enforceable as a decree or judgment. Among others, the United Kingdom, Singapore, Hong Kong and the United Arab Emirates have been declared by the Government of India to be reciprocating territories within the meaning of Section 44A of the Civil Procedure Code.

The United States has not been declared by the Government of India to be a reciprocating territory for the purposes of Section 44A of the Civil Procedure Code. Under Section 14 of the Civil Procedure Code, an Indian court shall, on production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction unless the contrary appears on the record; but such presumption may be displaced by proving want of jurisdiction.

A judgment of a court in any non-reciprocating territory, such as the United States, may be enforced in India only by a suit upon the judgment subject to Section 13 of the Civil Procedure Code, and not by proceedings in execution. Section 13 of the Civil Procedure Code, which is the statutory basis for the recognition of foreign judgments (other than arbitration awards), states that a foreign judgment shall be conclusive as to any matter directly adjudicated upon between the same parties or between parties under whom they or any of them claim litigating under the same title except where:

- The judgment has not been pronounced by a court of competent jurisdiction.
- The judgment has not been given on the merits of the case.
- The judgment appears on the face of the proceedings to be founded on an incorrect view of international law or a refusal to recognize the law of India in cases where such law is applicable.
- The proceedings in which the judgment was obtained are opposed to natural justice.
- The judgment has been obtained by fraud; and/or
- The judgment sustains a claim founded on a breach of any law in force in India.

A suit to enforce a foreign judgment must be brought in India within three years from the date of the judgment in the same manner as any other suit filed to enforce a civil liability in India. It is unlikely that a court in India would award damages on the same basis as a foreign court if an action is brought in India. In addition, it is unlikely that an Indian court would enforce foreign judgments if it considered the amount of damages awarded as excessive or inconsistent with public policy or if the judgments are in breach of or contrary to Indian law. A party seeking to enforce a foreign judgment in India is required to obtain prior approval from the Reserve Bank of India to repatriate any amount recovered pursuant to execution of such judgment. Any judgment in a foreign currency would be converted into Rupees on the date of such judgment and not on the date of payment and any such amount may be subject to income tax in accordance with applicable laws. The Company cannot predict whether a suit brought in an Indian court will be disposed of in a timely manner or be subject to considerable delays.

any unsubscribed portion of the Issue) is exempt in terms of Regulation 10 (4) (b) of the Takeover Regulations as conditions mentioned therein have been fulfilled and shall not result in a change of control of the management of our Company in accordance with provisions of the Takeover Regulations.

SECTION III – RISK FACTORS

An investment in equity shares involves a high degree of risk. Prospective Investors should carefully consider all the information disclosed in this Draft Letter of Offer including the risks and uncertainties described below before making an investment in our Equity Shares.

The risks described in this section are those that we consider to be the most significant and material to our business, financial condition, results of operations, and cash flows as of the date of this Draft Letter of Offer. We have described the risks and uncertainties that we currently believe to be material, but the risks set out in this section may not be exhaustive, and additional risks and uncertainties not presently known to us, or which we currently deem to be immaterial, may arise or may become material in the future. If any or some combination of the following risks, or other risks that are not currently known or believed to be adverse, actually occur, our business, cash flows, prospects, results of operations and financial condition could be adversely affected, the trading price of the Equity Shares could decline, and investors may lose all or part of the value of their investment.

The following factors have been considered for determining the materiality: (1) some events may not be material individually but may be found material collectively; (2) some events may have material impact qualitatively instead of quantitatively; and (3) some events may not be material at present but may have material impact in future.

In making an investment decision, prospective investors must rely on their own examinations and the terms of the Offer, including the merits and risks involved. Prospective investors should consult their tax, financial and legal advisors about the consequences they could encounter in investing in the Equity Shares.

This Draft Letter of Offer also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Letter of Offer. Any potential investor in, and purchaser of, the Equity Shares should pay particular attention to the fact that our Company is an Indian company and is subject to a legal and regulatory environment which, in some respects, may be different from that which prevails in other countries. For further information, see “Forward Looking Statements” on page 20.

The financial and other related implications of risks concerned, wherever quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another. In this Draft Letter of Offer, any discrepancies in any table between total and sums of the amount listed are due to rounding off. Unless the context otherwise requires, in this section, reference to ‘we’, ‘us’, and ‘our’ refers to our Company.

ISSUE RELATED RISK

1. Our Company will not distribute the Letter of Offer and Application Form to certain overseas Shareholders who have not provided an address in India for service of documents.

Our Company will dispatch the Letter of Offer, the Rights Entitlement Letter, and the Application Form (the “Issue Materials”) to such Shareholders who have provided an address in India for the service of documents. The Issue Materials will not be distributed to addresses outside India on account of restrictions that apply to the circulation of such materials in various overseas jurisdictions.

However, the Companies Act, 2013, requires companies to serve documents at any address which may be provided by the members as well as through e-mail. Presently, there is lack of clarity under the Companies Act, 2013, and the rules made thereunder with respect to distribution of Issue Materials in overseas jurisdictions where such distribution may be prohibited under the applicable laws of such jurisdictions. While we have requested all the shareholders to provide an address in India for the purposes of distribution of Issue Materials, we cannot assure you that the regulator or authorities would not adopt a different view with respect to compliance with the Companies Act, 2013, and may subject us to fines or penalties.

2. SEBI has by way of circulars dated January 22, 2020, May 6, 2020, January 19, 2021 and October 01, 2021, March 11, 2025 and Amendment Regulation, 2025, streamlined the process of rights issues. You should follow the instructions carefully, as stated in such SEBI circulars and in this Draft Letter of Offer.

The concept of crediting Rights Entitlements into the demat accounts of the Eligible Equity Shareholders has recently been introduced by the SEBI. Accordingly, the process for such Rights Entitlements has been recently devised by capital market intermediaries. Eligible Equity Shareholders are encouraged to exercise caution, carefully follow the requirements as stated in the SEBI circulars dated January 22, 2020, May 6, 2020, January 19, 2021, April 22, 2021, October 01, 2021 and Amendment Regulation on March 03, 2025 and ensure completion of all necessary steps in relation to providing/updating their demat account details in a timely manner. For details, see “Terms of the Issue” on page 78 of this Draft Letter of Offer.

In accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Rights Issue Circular, the credit of Rights Entitlements and Allotment of Rights Equity Shares shall be made in dematerialized form only. Prior to the Issue Opening Date, our Company shall credit the Rights Entitlements to (i) the demat accounts of the Eligible Equity Shareholders holding the Equity Shares in dematerialised form; and (ii) a demat suspense escrow account opened by our Company, for the Eligible Equity Shareholders which would comprise Rights Entitlements relating to (a) Equity Shares held in a demat suspense account pursuant to Regulation 39 of the SEBI Listing Regulations; or (b) Equity Shares held in the account of IEPF authority; or (c) the demat accounts of the Eligible Equity Shareholder which are frozen or details of which are unavailable with our Company or with the Registrar on the Record Date; or (d) credit of the Rights Entitlements returned/reversed/failed; or (e) the ownership of the Equity Shares currently under dispute, including any court proceedings.

3. Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of shareholding.

The Rights Entitlements that are not exercised prior to the end of the Issue Closing Date will expire and become null and void, and Eligible Equity Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Equity Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for the dilution of your percentage ownership of the equity share capital of our Company that may be caused because of the Issue. Renouncee(s) may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the demat account of the Renouncee(s) prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renouncee will not be able to apply in this Issue with respect to such Rights Entitlements.

4. Applicants to this Issue are not allowed to withdraw their Applications after the Issue Closing Date.

In terms of the Regulation 87 of SEBI (ICDR) Regulations, 2018 the Applicants in this Issue are not allowed

to withdraw their Applications after the Issue Closing Date. The Allotment in this Issue and the credit of such Right Equity Shares to the Applicant's demat account with its depository participant shall be completed within such period as prescribed under the applicable laws. There is no assurance, however, that material adverse changes in the international or national monetary, financial, political, or economic conditions or other events like force majeure, material adverse changes in our business, results of operation or financial condition, or other events affecting the Applicant's decision to invest in the Rights Equity Shares, would not arise between the Issue Closing Date and the date of Allotment in this Issue. The occurrence of any such events after the Issue Closing Date could also impact the market price of our Equity Shares. The Applicants shall not have the right to withdraw their Applications in the event of any such occurrence.

5. *Investors may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.*

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will be subject to long term capital gains tax in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchange, the quantum of gains and any available treaty exemption. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of securities transaction tax ("STT"), on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a tax treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

6. *You may not receive the Equity Shares that you subscribe in the Issue until fifteen days after the date on which this Issue closes, which will subject you to market risk.*

The Equity Shares that you subscribe in the Issue may not be credited to your demat account with the depository participants until approximately 15 days from the Issue Closing Date. You can start trading such Equity Shares only after receipt of the listing and trading approval in respect thereof. There can be no assurance that the Equity Shares allocated to you will be credited to your demat account, or that trading in the Equity Shares will commence within the specified period, subjecting you to market risk for such period.

7. *Conditions in the Indian securities market may affect the price or liquidity of our Equity Shares.*

The Indian securities markets are smaller and more volatile than securities markets in more developed economies. The Indian stock exchanges have, in the past, experienced substantial fluctuations in the prices of listed securities. Prices of listed securities are subject to volatility linked among other factors to the uncertainty in the global markets and the rising inflationary and interest rate pressures domestically. The governing bodies of the Indian stock exchanges have, from time to time, imposed restrictions on trading in certain securities, limitations on price movements, and margin requirements. Future fluctuations or trading restrictions could have a material adverse effect on the price of our Equity Shares.

8. *The Issue Price of our Rights Equity Shares may not be indicative of the market price of our Equity Shares after the Issue.*

The Issue Price of Rights Equity Share may not be indicative of the market price for our Equity Shares after

the Issue. The market price of the Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. There can be no assurance that the Investors will be able to sell their Equity Shares at or above the Issue Price. The factors that could affect our share price are: a) quarterly variations in the rate of growth of our financial indicators such as earnings per share; b) changes in revenue or earnings estimates or publication of research reports by analysts; c) speculation in the press or investment community; d) general market conditions; and, e) domestic and international economic, legal, and regulatory factors unrelated to our performance.

We cannot assure you that the market price of Equity Shares will not decline below the Issue Price. To the extent the market price for the Equity Shares declines below the Issue Price after the Issue Closing Date, the shareholder will be required to purchase Issue Shares at a price that will be higher than the actual market price of the Equity Shares at that time. Should that occur, the shareholders will suffer an immediate unrealized loss as a result. We may complete the Allotment even if such events may limit the Applicants' ability to sell our Equity Shares after this Issue or cause the trading price of our Equity Shares to decline.

9. There is no guarantee that our Equity Shares will be listed in a timely manner or at all which may adversely affect the trading price of our Equity Shares.

In accordance with Indian law and practice, final approval for listing and trading of the Equity Shares will not be granted by the Stock Exchange until after those Equity Shares have been issued and allotted. Approval will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on Stock Exchanges. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares. Further, historical trading prices, therefore, may not be indicative of the prices at which the Equity Shares will trade in the future which may adversely impact the ability of our shareholders to sell the Equity Shares or the price at which shareholders may be able to sell their Equity Shares at that point of time.

10. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may adversely affect the value of our Equity Shares, independent of our operating results.

On listing, our Equity Shares will be quoted in Rupees on the Stock Exchange. Any dividends in respect of our Equity Shares will also be paid in Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may adversely affect the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

11. Investors will not have the option of getting the Allotment of Rights Equity Shares in physical form and the Rights Entitlement of Eligible Equity Shareholders holding Equity Shares in physical form ("Physical Shareholders") may lapse in case they fail to furnish the details of their demat account to the Registrar.

In accordance with Regulation 77A of the SEBI (ICDR) Regulations, 2018, read with the SEBI Rights Issue Master Circular, the credit of Rights Entitlements and Allotment of Rights Equity Shares shall be made in dematerialised form only. Accordingly, Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date and desirous of subscribing to Rights Equity Shares in this Issue are advised to furnish the details of their demat account to the Registrar or our Company at least two clear Working Days prior to the

Issue Closing Date, to enable the credit of their Rights Entitlements in their respective demat accounts at least one day before the Issue Closing Date. The Rights Entitlements of the Physical Shareholders who do not furnish the details of their demat account to the Registrar not later than two Working Days prior to the Issue Closing Date, shall lapse. For details, refer the section titled ‘Terms of the Issue – Making of an Application by Eligible Equity Shareholders holding Equity Shares in physical form’ on page 78 of this Draft of Letter of Offer.

No market for the Right Entitlements may develop and the price of the Right Entitlements may be volatile.

No assurance can be given that an active trading market for the Rights Entitlements will develop on the Stock Exchanges during the Renunciation Period or that there will be sufficient liquidity in Rights Entitlements trading during this period. The trading price of the Rights Entitlements will not only depend on supply and demand for the Rights Entitlements, which may be affected by factors unrelated to the trading in the Equity Shares, but also on the quoted price of the Equity Shares, amongst others. Factors affecting the volatility of the price of the Equity Shares, as described herein, may magnify the volatility of the trading price of the Rights Entitlements, and a decline in the price of the Equity Shares will have an adverse impact on the trading price of the Rights Entitlements. Since the trading of the Rights Equity Shares will be on a separate segment compared to the Equity Shares on the floor of the Stock Exchanges, the trading of Rights Equity Shares may not track the trading of Equity Shares. The trading price of the Rights Entitlements may be subject to greater price fluctuations than that of the Equity Shares.

We will not distribute the Issue Materials to overseas Shareholders who have not provided an address in India for service of documents. We will dispatch the Issue Materials to the shareholders who have provided an address in India for service of documents. The Issue Materials will not be distributed to addresses outside India on account of restrictions that apply to circulation of such materials in overseas jurisdictions. However, the Companies Act requires companies to serve documents at any address, which may be provided by the members as well as through e-mail. Presently, there is lack of clarity under the Companies Act and the rules made thereunder with respect to distribution of Issue Materials in overseas jurisdiction where such distribution may be prohibited under the applicable laws of such jurisdictions. While we have requested all the shareholders to provide an address in India for the purposes of distribution of Issue Materials, we cannot assure you that the regulator or authorities would not adopt a different view with respect to compliance with the Companies Act and may subject us to fines or penalties.

12. Investors in the Rights Equity Shares may not be able to enforce a judgment of a foreign court against us or our management, except by way of a suit in India on such judgment.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, which includes the United Kingdom, Singapore, Hong Kong, and the United Arab Emirates. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908. Judgments or decrees from jurisdictions, which do not have reciprocal recognition with India, cannot be executed in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us or our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in a non-reciprocating territory within 3 (Three) years of obtaining such final judgment in the same manner as any other suit filed to enforce a civil liability in India. If, and to the extent that, an Indian court were of the opinion that fairness and good faith so required, it would, under current practice, give binding effect to the final judgment that had been rendered in the non-reciprocating territory, unless such a judgment contravenes principles of public policy in India. It is unlikely that an Indian court

would award damages on the same basis or to the same extent as was awarded in a final judgment rendered by a court in another jurisdiction if the Indian court believed that the amount of damages awarded was excessive or inconsistent with Indian practice. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate any amount recovered pursuant to the execution of such a judgment.

13. *SEBI operates an index-based market-wide circuit breaker. Any operation of a circuit breaker may adversely affect a shareholder's ability to sell, or the price at which it can sell, our Equity Shares at a particular point of time.*

We are subject to an index-based market-wide circuit breaker generally imposed by SEBI on Indian stock exchanges. This may be triggered by an extremely high degree of volatility in the market activity (among other things). Due to the existence of this circuit breaker, there can be no assurance that shareholders will be able to sell our Equity Shares at their preferred price or at all at any particular point in time.

14. *The Eligible Equity Shareholders holding Equity Shares in physical form will have no voting rights in respect of Equity Shares until they provide details of their demat account and Equity Shares are transferred to such demat account from the demat unclaimed suspense escrow account thereafter.*

The Equity Shares will be credited to a demat unclaimed suspense escrow account to be opened by our Company, in case of Allotment in respect of resident Eligible Equity Shareholders holding Equity Shares in physical form and who have not provided the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date. Such Eligible Equity Shareholders are required to send, amongst others, details of their demat accounts to our Company or the Registrar to enable our Company to transfer, after verification of the details of such demat account by the Registrar, the Equity Shares from the demat unclaimed suspense escrow account to the demat accounts of such Eligible Equity Shareholders. Unless and until such Eligible Equity Shareholders provide details of their demat account and the Equity Shares are transferred from demat unclaimed suspense escrow account to such demat accounts thereafter, they will have no voting rights in respect of Equity Shares. For details, see "Terms of the Issue" on page 78 of this Draft Letter of Offer.

15. *In the event there is any delay in the completion of the Issue, there would be a corresponding delay in the completion of the objects / schedule of implementation of this Issue which would in turn affect our revenues and results of operations.*

The funds that we receive would be utilized for the Objects of the Issue as has been stated in the section titled 'Objects of the Issue' beginning on page 53. The proposed schedule of implementation of the objects of the Issue is based on our management's estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, we may have to revise our business, development and working capital plans resulting in unprecedented financial mismatch and this may adversely affect our revenues and results of operations.

16. *Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoter or members of our Promoter Group may adversely affect the trading price of the Equity Shares.*

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company; adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of

our Promoter and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoter and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future.

OBJECT RELATED RISK

17. Our business is subject to seasonal volatility, which may contribute to fluctuations in our results of operations and financial condition.

Our business is significantly dependent on the availability and pricing of castor seeds, which are subject to seasonal fluctuations and factors beyond our control. Any disruption in the supply of castor seeds or significant increase in their prices may adversely affect our business, results of operations and financial condition.

Castor seeds constitute a key raw material for our manufacturing operations. The availability, quality and pricing of castor seeds are influenced by various factors beyond our control, including crop yields, weather conditions, agricultural practices, pest infestations, government policies, transportation constraints and market demand-supply dynamics. As castor seeds are agricultural commodities with seasonal harvesting cycles, their availability and prices may fluctuate significantly during different periods of the year.

While we generally procure castor seeds in larger quantities during the harvesting season, there can be no assurance that we will be able to procure adequate quantities of castor seeds at commercially acceptable prices or maintain sufficient inventory levels at all times. Any shortage in availability, deterioration in quality, interruption in supply chain, increase in procurement costs or inability to pass on increased costs to our customers may adversely impact our production schedules, operating margins, profitability, cash flows and overall financial performance. Further, the seasonal nature of castor seed procurement may result in fluctuations in our inventory levels, working capital requirements and quarterly operating results. Consequently, the results of any interim period may not necessarily be indicative of our performance for the entire financial year. Any adverse developments relating to the availability or pricing of castor seeds could materially and adversely affect our business, financial condition, cash flows and results of operations.

18. We have not identified any alternate source of financing for the Objects of the Issue and any shortfall in the Issue proceeds may adversely affect the implementation of our proposed plans and business objectives.

As on date of this Draft Letter of Offer, we have not made any alternate arrangements for meeting our capital requirements for the objects of the issue. We meet our capital requirements through our bank finance, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details please refer to the chapter titled “Objects of the Issue” beginning on page 53 of this Draft letter of offer.

19. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and have not been independently appraised and may be subject to change based on various factors, some of which are beyond our control.

Our funding requirements and the deployment of the proceeds of the Issue are based on management estimates and our current business plan. The fund requirements and intended use of proceeds have not been appraised

by bank or financial institution and are based on our estimates. In view of the competitive and dynamic nature of our business, we may have to revise our expenditure and fund requirements as a result of variations including in the cost structure, changes in estimates and other external factors, which may not be within the control of our management. This may entail rescheduling, revising or canceling the planned expenditure and fund requirement and increasing or decreasing the expenditure for a particular purpose from its planned expenditure at the discretion of our Board. In addition, schedule of implementation as described herein are based on management's current expectations and are subject to change due to various factors some of which may not be in our control.

20. *We are dependent on our Promoter, Directors and key personnel of our Company for success whose loss could seriously impair the ability to continue to manage and expand business efficiently.*

Our Promoter, Directors and key managerial personnel collectively have vast years of experience in the industry and are difficult to replace. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. For further details of our Directors and key managerial personnel, please refer to Section "Our Management" on page 64 of this Draft Letter of Offer. Our success largely depends on the continued services and performance of our management and other key personnel. The loss of service of the Promoters, Directors and key managerial personnel could seriously impair the ability to continue to manage and expand the business efficiently.

Further, the loss of any of the key managerial personnel may adversely affect the operations, finances and profitability of our Company. Any failure or inability of our Company to efficiently retain and manage its human resources would adversely affect our ability to implement new projects and expand our business.

Further, as on March 31, 2026, our Promoters, along with our Promoter Group members, hold, approximately 60.02% issue paid up equity capital of our Company and, therefore, will have the ability to significantly influence our corporate decision making process. This will include the ability to appoint Directors on our Board and the right to approve significant actions at Board and at Shareholders' meetings, including the issue of Equity Shares and dividend payments, business plans, mergers and acquisitions, any consolidation or joint venture arrangements, any amendment to the Memorandum and Articles of Association, and any assignment or transfer of our interest in any of our licenses. We cannot assure you that our Promoters along with Promoter Group members interests in any such scenario will not conflict with the interest of other Shareholders or with the interests of our Company. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business effectively or in the best interests of our other Shareholders. For details on their shareholding pattern of our company and that of the promoter and promoter group, please refer to chapter titled "Capital Structure" on page no. 51 of the DLOF.

21. *Within the parameters as mentioned in the chapter titled 'Objects of the Issue' beginning on page 53 of this Draft Letter of Offer, our Company's management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.*

We intend to use Issue Proceeds towards financing the Working capital requirements of the Company, General Corporate Purpose and to meet the issue expenses. We intend to deploy the Net Issue Proceeds in FY 2026-27. The deployment of the fund is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc. For further details on the use of the Issue Proceeds, please refer chapter titled "Objects of the issue" beginning on page 53 of this Draft Letter of Offer.

The deployment of funds for the purposes described above is at the discretion of our Company's Board of Directors. The fund requirement and deployment are based on internal management estimates and has not

been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled ‘Objects of the issue beginning on page 53 of this Draft letter of offer, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue.

THE COMPANY AND ITS BUSINESS RELATED RISK

22. Our Promoters are party to certain litigation and claims. These legal proceedings are pending at different levels of adjudication before various regulatory authorities. Any adverse decision may make us liable to liabilities/penalties and may adversely affect our reputation, business and financial status. A classification of these legal and other proceedings is given below:

Our Promoters are party to certain litigation and claims. These legal proceedings are pending at different levels of adjudication before various regulatory authorities. 23. *Our cost of production is exposed to fluctuations in the prices of our raw material such as Castor Seeds.*

We are mainly engaged in the business of manufacturing Refined Castor Oil First Stage Grade (F.S.G.), Castor De Oiled Cake and High Protein Castor De Oiled Cake for the domestic market. Castor Seeds is an important raw material required in the manufacturing of the abovementioned finished products. We source required raw material as mentioned above through domestic market. We are exposed to fluctuations in the price of the Castor Seeds and may be unable to control factors affecting the price directly or indirectly at which we procure such materials, particularly as we do not enter into any supply agreements with our suppliers. We also face the risks associated with compensating for or passing on such an increase in our cost of production on account of such fluctuations in price to our customers. Particularly, we do pass on the increase in the cost of production to our customers through a corresponding increase in the price of our products in order to maintain our historical margins.

24. *We generally do business with our customers on a purchase order basis and do not enter into long-term contracts with most of them.*

Our business is dependent on our continuing relationships with our customers. Our Company neither has any long-term contract with any of our customers nor has any marketing tie-up for our products. Further, our Company has not appointed any exclusive agents for its operations. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations.

25. *The Company is dependent on few numbers of customers for sales. Loss of any of this large customer may affect our revenues and profitability.*

Top ten customers of our company for the FY 2025-26, FY 2024-25 and FY 2023-24 contributed for 56.83%, 50.81% and 71.26%, respectively of our sales. Our Company is engaged in the business of manufacturing of castor products. Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. While we typically have long term relationships with our customers, we have not entered into long term agreements with our customers and the success of our business is accordingly significantly dependent on us maintaining good relationships with our customers and suppliers. The actual sales by our Company may differ from the estimates of our management due to the absence of long-term agreements. The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality standards, growing competition and any change in the demand, may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.

However, the composition and revenue generated from these customers might change, as we continue to add new customers in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new customers, there can be no

assurance that we will be able to maintain long term relationships with such customers or find new customers in time.

26. *We highly depend on our major raw materials and a few key suppliers who help us procure the same. Our Company has not entered into long-term agreements with its suppliers for supply of raw materials. In the event we are unable to procure adequate amounts of raw materials, at competitive prices our business, results of operations and financial condition may be adversely affected.*

We depend on a few suppliers for procurement of raw materials, required for manufacturing our products. Top ten suppliers of our company for the FY 2025-26, FY 2024-25 and FY 2023-24 contributed 71.71%, 71.03% and 73.05%, respectively of our purchases.

We have not entered into long term contracts with our suppliers and prices for raw materials are normally based on the quotes we receive from various suppliers. Since we have no formal arrangements with our suppliers, they are not contractually obligated to supply their products to us and may choose to sell their products to our competitors. Nonavailability or inadequate quantity of raw material or use of substandard quality of the raw materials in the manufacture of our products, could have a material adverse effect on our business. Further, any discontinuation of production by these suppliers or a failure of these suppliers to adhere to the delivery schedule or the required quality and quantity could hamper our manufacturing schedule. There can be no assurance that strong demand, capacity limitations or other problems experienced by our suppliers will not result in occasional shortages or delays in their supply of raw materials to us. Further, we cannot assure you that our suppliers will continue to be associated with us on reasonable terms, or at all. Since our suppliers are not contractually bound to deal with us exclusively, we may face the risk of our competitors offering better terms to such suppliers, which may cause them to cater to our competitors alongside us.

27. *Our revenues are highly dependent on our operations in the geographical region of state of Gujarat. Any adverse development affecting our operations in this region could have an adverse impact on our business, financial condition and results of operations.*

We derive our revenue from various domestic regions. However, we derive a large portion of our revenue from state of Gujarat. The State of Gujarat contributed 87.17%, 90.31% and 87.48% of our total revenue for the financial year ended on March 31, 2026, March 2025 and March 2024, respectively. If the economic conditions of State of Gujarat become volatile or uncertain or the conditions in the financial market deteriorate, or if there are any changes in laws applicable to our industry or if any restrictive conditions are imposed on us or our business, there will be a severe impact on the financial condition of our business. Further, the ultimate customers located in this geography may reduce or postpone their spending significantly which would adversely affect our operations and financial conditions.

28. *The price, at which we are able to obtain the raw material for manufacture of our finished products depend largely on prevailing market prices. Increase in costs of our raw materials could have a material adverse effect on our Company's sales, profitability and results of operations.*

Our Company is dependent on third party suppliers for procuring raw materials. We are exposed to fluctuations in the prices of the raw materials as well as its unavailability, particularly as we typically do not enter into any long-term supply agreements with our suppliers and our major requirement is met in the spot market. We may be unable to control the factors affecting the price at which we procure the materials. We also face the risks associated with compensating for or passing on such increase in our cost of production on account of such fluctuations in prices to our customers. Upward fluctuations in the prices of raw material may thereby affect our margins and profitability, resulting in a material adverse effect on our business, financial condition and results of operations. Though we enjoy favorable terms from the suppliers both in prices as

well as in supplies, our inability to obtain high quality materials in a timely and cost-effective manner would cause delays in our production and delivery schedules, which may result in the loss of our customers and revenues.

29. *Our Company has availed unsecured loans which are repayable on demand. Any demand for a loan from lenders for repayment of such unsecured loans, may adversely affect our cash flows.*

Based on Audited Financial Statement, our Company has unsecured loans as at March 31, 2026, amounting to Rs. 102.10 lakhs from Directors and their relatives and Rs. 487.00 Lakhs as Inter corporate Deposits that are repayable on demand to the relevant lenders as per audited financial statements. Further, some of these loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition of the borrower against which repayment is sought. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows. For further details of unsecured loans of our Company, please refer the chapter titled “Financial information” beginning on page 68 of this Draft Letter of Offer.

30. *Our future funds requirements, in the form of issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance maybe done on terms and conditions, which may not be favorable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

31. *We conduct our business activities on a purchase order basis and therefore, have not entered into long-term agreements with our customers.*

Our Company is engaged in the business of manufacturing of castor oil. We have not entered into any formal agreements, arrangement or any other understanding with our customers or our traders and therefore, our business is dependent upon the continuous relationship with the customers, our traders and the quality of products supplied to us. Further, neither do we have any exclusive agents, dealers, distributors nor have we entered into any agreements with any of the market intermediaries for selling or marketing the products. If there occurs any change in the market conditions, market trends, requirements of our customers, or if we fail to identify and understand evolving industry trends, preferences or fail to meet our customers’ demands, it might have a direct impact on our revenue and customer base. The inability to procure new orders on a regular basis or at all may adversely affect our business, revenues, cash flows and operations.

32. *We require a number of approvals, NOCs, licenses, registrations and permits in the ordinary course of our business. Any failure or delay in obtaining the same in a timely manner may adversely affect our operations.*

We require a number of approvals, licenses, registrations and permits in ordinary course of our business. Additionally, we need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course. In case of delay or failure to obtain the same, it could affect our business operations. Any failure to renew the approvals that have expired, or to apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, could result in delaying the operations of our

business, which may adversely affect our business, financial condition, results of operations and prospects.

33. *Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.*

Our business is significantly dependent on the efficient and uninterrupted operation of our technology infrastructure that ensures smooth operations through various automated machines. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments. Our technology and machineries may become obsolete or may not be upgraded in a timely manner, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we have installed latest technology and that the chances of a technological innovation are not very high in our sector we shall continue to strive to keep our technology, plant and machinery in line with the latest technological standards. In the case of a newfound technology, we may be required to implement new technology or upgrade the machineries and other equipment's employed by us. Further, the costs in upgrading our technology and modernizing the plant and machineries are significant which could substantially affect our finances and operations.

34. *Our Registered Office from where we operate is not owned by us.*

Our Registered Office premise situated at **First Floor, House- 4, Arista @ Eight Corporate House, B/H Satyam House, Rajpath Club Road, Bodakdev, Thaltej, Ahmedabad, Daskroi, Gujarat, India - 380059**, is not owned by us, it is taken on lease rental basis, for period of 11 months and 29 days commencing from October 01, 2025 to September 30, 2026 from one of our group entity M/s. Rajgor Proteins Limited on monthly rental of ₹ 1,50,000/- per month.

We cannot assure you that we will be able to continue the above arrangement on commercially acceptable / favourable terms in future. If we are required to vacate the current premises, we would be required to make alternative arrangements for new office and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

35. *There have been some instances of delays in filings in the past with certain statutory authorities. If the authorities impose monetary penalties on us or take certain punitive actions against our Company in relation to the same, our business, financial condition and results of operations could be adversely affected.*

In the past, there have been some instances of delays in filing statutory forms with the RoC, which have subsequently been filed along with the payment of additional fees, as specified by RoC, details of which are as follows:

Sr. No.	Form	Nature of Non-Compliance	Days Delayed	Steps taken by company for rectification
1.	AOC-5	Delayed Filing	36	Form filed with Additional Fees
2.	IEPF-2 for FY 23-24	Delayed Filing	229	Form filed with Additional Fees

Except as mentioned in this Draft Letter of Offer, till date, there has been no penalty levied on the Company for such delays. However, it cannot be assured that even in future no such penalty will be levied. Therefore, if the authorities impose monetary penalties on us or take certain punitive actions against our Company or its Directors / Officers in relation to the same, our business, financial condition and results of operations could be adversely affected.

36. As the securities of our Company are listed on Stock Exchange in India, our Company is subject to certain obligations and reporting requirements under the SEBI Listing Regulations. Any non-compliances/delay in complying with such obligations and reporting requirements may render us liable to prosecution and/or penalties.

The Equity Shares of our Company are listed on NSE, therefore we are subject to the obligations and reporting requirements prescribed under the SEBI Listing Regulations, as well as requirements under the Companies Act for a listed Company. The details of penalties/ fines imposed by Stock Exchange on our Company on account of non-compliance of the SEBI Listing Regulations in the past, have been provided below:

Sr. No.	Quarter ending	Nature of Non-Compliance	Amount of Penalty/Fine	Date of Payment
1.	-	Regulation 6 (1A) Delay in Appointment of the Compliance Officer by the listed entity later than three months from the date of such vacancy	15,340/-	22.05.2025

37. Our manufacturing facilities are located at Harij, Gujarat. Any delay in production at, or shutdown of, or any interruption for a significant period of time, in these facilities may in turn adversely affect our business, financial condition and results of operations.

Our Company has its manufacturing facilities located at Harij, Gujarat. Though, we get uninterrupted power supply, skilled and semi-skilled labours, basic raw materials from the suppliers as specified by our customers, our success depends on our ability to successfully utilize these manufacturing facilities to its utmost capacities and deliver our products in order to meet our customer demands in a timely manner. Our manufacturing facilities are susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, plant and machinery, power supply or processes, performance below expected levels of output or efficiency, obsolescence, terrorist attacks, acts of war, break-ins, natural disasters such as earthquakes and industrial accidents and other similar events beyond our control. Further, our manufacturing facility is also subject to operating risks arising from compliance with the directives of government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties. If our Company experiences delays in production or shutdowns due to any reason, including disruptions caused by disputes with its work force or any external factors, our Company's operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations.

Further, the activities carried out at our manufacturing facilities may be potentially dangerous to our employees/labours. While we employ safety procedures in the operation of our manufacturing facilities and maintain what we believe to be adequate insurance, there is a risk that an accident may occur at our

manufacturing facilities. An accident may result in personal injury to our employees, or the Labour deployed at our facilities, destruction of property or equipment, manufacturing or delivery delays, environmental damage, or may lead to suspension of our operations and/ or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost of defending such litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects.

38. *Our inability to maintain relationship with corporate customers and agents can adversely affect our Revenues.*

Our company is engaged in B2B business where we operate on purchase order basis and our products are used in the manufacturing of other products in the industry. We get our purchase orders, based on our relationship with our existing corporate customers and agents. Our inability to maintain relationship with existing customers and agents and fulfilling the requirements of such customers in timely manner can adversely affect our revenues.

39. *Any defects in our products could make our Company liable for customer claims, which in turn could affect our Company's results of operations.*

Our Company is bound by the terms and conditions as stated in the purchase order placed by its customers. There are no specific regulations governing the supply of the same, other than the general law of contracts. Any claims made by these customers for defects in the products, would be subject to these terms and conditions, which are in the nature of normal contractual obligations in India. Any violation of these obligations could impact our Company's results of operations and financial conditions.

40. *We depend on certain brand names and our corporate name and logo that we may not be able to protect and/or maintain.*

Our ability to market and sell our products depends upon the recognition of our brand names and associated consumer goodwill. We have not yet applied for trademark registration for our Corporate Logo and Corporate Name. Consequently, we do not enjoy the statutory protections accorded to registered trademarks in India for our Company. There is no guarantee that the application for registration of our logo will be accepted in favour of the Company. This may affect our ability to protect our trademark in the event of any infringement of our intellectual property. In the absence of such registrations, competitors and other companies may challenge the validity or scope of our intellectual property right over these brands or our corporate name or logo. As a result, we may be required to invest significant resources in developing new brands or names, which could materially and adversely affect our business, financial condition, results of operations and prospects. In addition to same, our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business, financial condition, results of operations and prospects.

41. *Non-compliance with amendment in Safety, Health and Environmental laws and other applicable regulations, may adversely affect the Company's results of operations and its financial condition.*

Our company is in the business of manufacturing of castor derivatives. Due to nature of Business, the company is subject to various rules and regulations in relation to safety, health and environmental protection including Air Prevention and Control of Pollution Act, Noise Pollution and Water Prevention and Control of Pollution Act, Contract Labour Act, Employees Provident Fund Act, Bonus Act etc. Further, the company is

subjected to the jurisdiction and is governed by Indian Law, rules and regulations in relation to safety, health and environmental protection due to the nature of the business of the company. These safety, health and environmental protection laws and regulations inter alia impose controls on air and water discharge, noise levels, storage handling, employee exposure to hazardous substances and other aspects of the Company's operations and products. Failure to comply with any existing or future regulations applicable to the Company may result in levy of fines, penalties, commencement of judicial proceedings and/or third-party claims, and may adversely affect the results of operations and financial condition.

42. Our Company's failure to maintain the quality standards of the products could adversely impact our business, results of operations and financial condition.

Quality Control Inspection is an integral part of our operations. We are required to implement quality management system in respect of all our Products. Our products depend on customer's specifications. Any failure to maintain the quality standards of our products may affect our business. Although, we have put in place strict quality control procedures, we cannot assure that our products will always be able to satisfy our customers' quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products from our vendors, or any other unforeseen events could adversely affect our reputation, our operations and our results from operations.

43. Our business is dependent on the adequate and uninterrupted supply of electrical power and water at a reasonable cost. Failure on account of unavailability of electrical power and water may restrict us in utilizing our full capacity and hence, may impact our business and results of operations.

Adequate and cost-effective supply of electrical power is critical to our operations, which entails significant consumption of electrical power. Currently, we source power requirements by purchasing electricity from Uttar Gujarat Vij Company Limited (UGVCL) but there can be no assurance that electricity supplied by them will be sufficient to meet our requirements or that we will be able to procure adequate and interrupted power supply in the future at a reasonable cost. Further, if the per unit cost of electricity is increased by the state electricity board, our power costs will increase and it may not be possible to pass on any increase in our power costs to our customers, which may adversely affect our profit margins. We require ample water for various manufacturing activities. We source our water requirements by procuring the same from bore well. Lack of sufficient water resources or an increase in the cost of such water used in manufacturing facilities could adversely affect our business, financial condition and results of operations.

44. We operate in a competitive business environment, both globally and domestically. Competition from existing players and new entrants and consequent pricing pressures may adversely affect our business, financial condition and results of operations.

The Castor oil segment is highly competitive. Increasing competition may subject to pricing pressures and require us to reduce the prices of our products and services in order to retain or attract customers, which may have a material adverse effect on our revenues and margins. Further, many of our competitors are larger international and domestic companies and have access to greater resources or may be able to develop or acquire technology or partner with innovators or customers at terms which are not presently feasible for us, due to our current scale of operations. Any failure to keep abreast of technological advancements might place our competitors at an advantageous position in terms of cost, efficiency and timely delivery of final products. While we are focused on developing cost and time efficiencies and to broaden our product range, in particular in certain niche segments, in the event our competitors develop better process technology or improved process yield or are able to source raw material at competitive prices, and are therefore able to create new products or substitutes for our products at competitive prices, we may not be able to maintain our growth rate and revenues and our profitability may decline. Any of these factors may have a material adverse effect on our

business and prospects.

45. Our Company is dependent on third party transportation for the procurement of raw materials and delivery of finished products and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.

Our Company uses third party transportation for procurement of raw materials and delivery of our finished products. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. These transportation facilities may not be adequate to support our existing and future operations. In addition, goods may be lost or damaged in transit for various reasons including but not limited to the occurrence of accidents or natural disasters. There may also be a delay in delivery of products which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our goods may have an adverse effect on our business and results of operations. Further, disruptions of transportation services due to weather-related problems, strikes, lockouts, inadequacies in the road infrastructure and port facilities, or other events could impair ability to procure goods on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

46. Our Company requires significant amounts of working capital for continued growth. Our inability to meet our working capital requirements may have an adverse effect on the results of operations.

Our business is working capital intensive. A significant portion of our working capital is utilized towards inventories, trade receivables and trade payables. A brief summary of our working capital position based on our Audited Financials is given below:-

We intend to continue growing by reaching out to new customers and also increasing sales to existing customers and thereby reaching other geographical areas. All these factors may result in an increase in the

quantum of current assets. Our inability to maintain sufficient cash flow, credit facility and other sources of fund, in a timely manner, or at all, to meet the requirement of working capital could adversely affect our financial condition and the result of our operations. For further details regarding working capital requirement, please refer to the chapter titled “Objects of the Offer” beginning on page 53 of this Draft letter of offer.

47. Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and we are required to obtain consents from certain of our lenders prior to the declaration of dividend as per the terms of the agreements executed with them. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements in respect of our operations, financial condition and results of operations. Although our Company has declared dividends in the past, however there can be no assurance that our Company will declare dividends in the future also. The dividends declared by our Company on the Equity Shares in each of the Financial Years ending 2025, 2024 and 2023 has been provided below:

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

There are two routes through which foreign investors may invest in India. One is the “*automatic route*”, where no government approval is required under Indian foreign exchange laws to make an investment as long as it is within prescribed thresholds for the relevant sector. The other route is the “*government route*”, where an approval is required under foreign exchange laws from the relevant industry regulator, prior to the investment.

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise way such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the consolidated FDI Policy Circular of 2020 (***‘FDI Circular 2020’***), which, with effect from October 15, 2020, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2020 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict, the relevant notification under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 will prevail. The payment of inward remittance and reporting requirements are stipulated under the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 issued by RBI. The FDI Circular 2020, issued by the DPIIT, consolidates the policy framework in place as on October 15, 2020, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that:

1. The activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the SEBI (SAST) Regulations;
2. The non- resident shareholding is within the sectoral limits under the FDI Policy; and
3. The pricing is in accordance with the guidelines prescribed by SEBI and RBI.

No investment under the FDI route (i.e., any investment which would result in the investor holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the investors to ensure that the necessary approval or the pre-existing

approval from the government is valid to make any investment in the Issue. Our Company will not be responsible for any allotments made by relying on such approvals.

Please also note that pursuant to Circular no. 14 dated September 16, 2003, issued by RBI, Overseas Corporate Bodies have been derecognized as an eligible class of investors and RBI has subsequently issued the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies (OCBs)) Regulations, 2003. Any Investor being an OCB is required not to be under the adverse notice of RBI and in order to apply for this issue as an incorporated non-resident must do so in accordance with the FDI Circular 2020 and Foreign Exchange Management (Non-Debt Instrument) Rules, 2019. Further, while investing in the Issue, the Investors are deemed to have obtained the necessary approvals, as required, under applicable laws and the obligation to obtain such approvals shall be upon the Investors. Our Company shall not be under an obligation to obtain any approval under any of the applicable laws on behalf of the Investors and shall not be liable in case of failure on part of the Investors to obtain such approvals.

The above information is given for the benefit of the Applicants / Investors. Our Company is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Letter of Offer. Investors are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.
